CAREERADVICE by

Career Advice is of prime importance in future building but there are very few professionals in India who are apt career advisors. Mr. Ajay is a leading name among them & he has been endowed with a charismatic personality and in-depth understanding of student psychology along-with a futuristic vision & vast experience. He has been associated with leading counselling portal www.finproadmissions.com

Besides this, he has addressed thousands of students across the INDIA in various seminars and workshops on career counselling. Mr. Ajay has been recognized several times for his services by many institutions and has won dozens of certificates & awards for the same. You may write to him on

 7204466448, 9601547227

About us

Welcome to Success Point. With a network of over 150+ expert Career Counselors across various parts of Uttar Pradesh, Delhi NCR, Madhya Pradesh, Bihar and Jharkhand We are one of the leading education consultants nationwide with a reputation of integrity & ethics.

We represent more than 500 education providers including Universities, Colleges, Vocational Institutions across various parts of India. Since its inception in 2006, Success Point has helped more than 10000 students to its partner institutions.

Given our strong ethical approach to business, we have built a powerful brand image and positioned ourselves as one of the most credible student recruitment firms in the industry.

Our strength lies in the values, integrity, ethics and competence of our team across our network consistently providing a professional service to our students and partner institutions.

Vision

Be a premier organization to spread education and transform our large young population into a national asset as we believe that education is not only important, it is the most important asset anyone can achieve in life.

Mission

Our mission is to recruit students for quality educational institutions nationwide by providing a professional service to prospective students in selecting the most appropriate course and Institution for career betterment.

We achieve our Mission through:

Values, Integrity, Ethics and Competence

MBBS ABROAD ADVANTAGES

- Indian Faculty
- College in Capital City
- 0% Crime
- No Entrance No Donation
- Indian Cook
- WHO Listed
- MCI Approved
- Pleasant Weather
- English Medium
- Lots of References
- Well Equipped Lab
- Trained Staff, Organized Transport System
- Government College (70 to 80 Years Old College)
- Thousands of Students from India
- Highest Passing Rate in MCI
- MCI Coaching Given in the College/Universities

PROCESSING FEES INCLUDES THE FOLLOWING

- Admission letter
- Visa Processing + Visa Fees
- Invitation letter
- Translation of documents
- HRD registration
- Airport pickup
- Visa excellence
- One way travel food
- Flight fare
- MCI/WHO documentation
- MCI eligibility
- Visa Interview Preparation
- E-Learning programme of Whole Course with MEDAR-C
- MCI Coaching For India Course Structure with Indian faculty with MIST Coaching (Delhi Based Company with Top Medical College Faculty)
- 3D Animated Programme of Whole MBBS Course with Samsung Tab

कैसे करे अपने लिए College का सही Selection:

- College Course दोनों ही AICTE Approved होना चाहिए।
- College/Institute ऐसे University से Affiliated होने चाहिए। UGC जो द्वारा Approved हो।
- College/Institute Recognized by Department of Technical Education of Respective State Government.
- Preferably Accredited through NAAC/NBA.
- Medical और Dental College MCI/DCI से Approved होना चाहिए।

AICTE क्या है ?

It Stands for "All India Council for Technical Education" यह एक Govt of India द्वारा मान्यता प्राप्त Council है जो निम्न Technical Courses जैसे Engineering, Architecture, Management, Pharmacy, Arts & Hotel Management तथा Colleges के लिए मानक तैयार करती है।

What is NAAC and Its role ?

"National Assessment and accreditation council" is an autonomous institution established by the "University Grants Commission" (UGC) of India. To assess and accredit Universities of higher Education in the country Grading, certification and Accreditation based on the evolution Report by the peer team.

Important Engineering Tips/News for Students

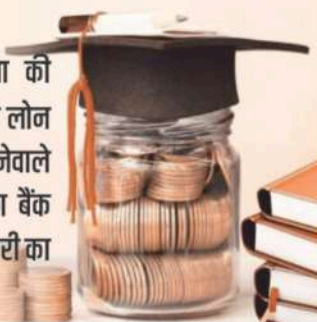

- Direct & Confirm Admission without Donation in Top 100 Engineering Colleges.
- Any type of Solution for Engineering & Professional courses.
- If your Rank in JEE is low Then Do not worry....
- Our Expert will guide you to get the best college/University on the basis of your JEE Rank/marks.
- If you did not appear for JEE exam Then come & meet for Direct Admission in Top 100 Colleges/Universities.
- If your marks in 10+2 or 1.Sc. is Low. Then not to worry, Come & Get Admission in Top Engineering Colleges/Uni.
- Now Engineering experts in your city who have superb track record of Admission in Engineering.
- Education Loan Facility also available for every student.

Education Loan

FINPRO ने EDUCATION LOAN पढ़ाई के परामर्श हेतु छात्रों की सुविधा के लिए Session 2017-18 में अपने office में HELP DESK COUNTER की व्यवस्था की है। प्रत्येक शनिवार को शाम 1 से 5 बजे के बीच FINPRO के Office में आकर EDUCATION LOAN के लिए हमारे EXPERTS से मुफ्त परामर्श ले सकते हैं।

जरूरी कागजात : अंतिम उत्तीर्ण परीक्षा की मार्कशीट, जिस पाठ्यक्रम के अध्ययन के लिए लोन लेना है, उसमें प्रवेश का प्रमाणपत्र पढ़ाई पर आनेवाले खर्च का पूरा ब्योरा, छात्र के अभिभावक का बैंक स्टेटमेंट आयकर रिटर्न, परिसंपत्तियाँ एवं देनदारी का संक्षिप्त विवरण।

1. Student Eligibility for Loan...

- Should be an Indian Citizen.
- Secured admission to professional/technical courses in India and abroad through Entrance Test/Merit, based selection Process.
- Good academic Career.
- The student should not have outstanding education loan from any Institution Father/Mother should be co-borrower.
- Nearest branch of the permanent residence of student will consider the loan.

2. Repayment

- Course Period + 1 Year or 6 Months after getting job, which ever is earlier.

3. Security

- Upto Rs 4 Lakh No Security
- Above Rs. 4 Lakh & Upto Rs. 7.5 Lakh: Collateral security in the form of a suitable third party guarantee

TOP 10 STATES FOR ENGINEERING

State	Tuition Fees (Per Year)	Hostel Fees (Per Year)	Total Cost of Course
Karnataka (Bangalore)	Rs. 1.25 to 2 Lac	Rs. 80,000	Rs. 7 to 8 Lac
Maharashtra	Rs. 60000 to 1.5 Lac	Rs. 75,000	Rs. 4 to 5 Lac
Delhi & NCR	Rs. 50000 to 1.5 Lac	Rs. 80,000	Rs. 4 to 5 Lac
Haryana	Rs. 60000 to 1 Lac	Rs. 55,000	Rs. 5 to 8 Lac
Uttar Pradesh	Rs. 72000 to 150000	Rs. 60,000	Rs. 6 to 8 Lac
Tamilnadu (Chennai)	Rs. 1 to 1.5 lac	Rs. 55,000	Rs. 3.8 Lac
Uttarakhand	Rs. 60000 to 1 lac	Rs. 55,000	Rs. 3 to 5 Lac
Rajasthan	Rs. 45000 to 80000	Rs. 55,000	Rs. 3.6 to 4 Lac
Madhya Pradesh	Rs. 50000 to 60000	Rs. 55,000	Rs. 5 lac
Punjab	Rs. 65000	Rs. 55,000	Rs. 4 to 4.4 Lac
West Bengal	Rs. 40000 to 50000	Rs. 55,000	Rs. 3.2 to 4 Lac

HOW TO CHOOSE A BRANCH IN ENGINEERING?

MOST DEMANDED BRANCHES OF LAST FOUR YEARS

2012	2013	2014	2015	2016
CS	CS	ECE	ME	ME
IT	ME	ME	CS	CS
ECE	CIVIL	CS	IT	ECE
MECHANICAL	IT	CIVIL	CIVIL	IT
ELECTRICAL	ECE	IT	ELECTRICAL	CIVIL
CIVIL	ELECTRICAL	ELECTRICAL	ECE	ELECTRICAL

Our expert suggestion for choosing a branch

जैसा कि आप ऊपर बने चार्ट में देख सकते हैं कि किस तरह पिछले 5 वर्षों में Branches की Demand में परिवर्तन आया है। इससे आप यह अनुमान लगा सकते हैं कि आप किसी Branch का भविष्य Admission लेते समय नहीं जान सकते, क्योंकि यह सिर्फ आने वाले 5 वर्षों में Market की Demand से ही जाना जा सकता है। इसलिए हर छात्र को यह सलाह दी जाती है कि Branch का चयन अपने Personal Interest से और जानकारी से करें, ना कि किसी की Copy करके या किसी दबाव में।

SPECIAL ADMISSION HELP DESK (COUNTER) की व्यवस्था

हमने Form भरना, Form जमा करना, किसके नाम पर DD बनाना, कहाँ जमा करना, Cut Off का List देखना, Certificate कहाँ Verify करवाना इत्यादि के लिए अपने कार्यालय में छात्रों की सहायता के लिए विशेष काउन्टर खोला है, जहाँ Counselling के माध्यम से Merit वाले छात्रों का बिल्कुल मुफ्त सलाह देकर, Central Counselling एवं State Level Counselling Form भरने में मदद किया जाता है।

PROCESS OF COUNSELLING

1. सावधानी से फॉर्म भरे College का चुनाव Ranking के अनुसार करें।
2. डिमांड ड्राफ्ट या कैंस बैक में Counselling के अनुसार जमा करायें।
3. Cut-Off Internet पर प्राप्त करें या हमारे ऑफिस से ले सकते हैं।
4. हर Round की Counselling के बाद College स्वयं Upgrade होता रहता है, इसलिए छात्र हर Round के Cut Off पर ध्यान रखें।
5. Admission के समय Certificate Verification करवायें।

हमारे Expert आपको बतायेंगे कि आपने जो JEE Rank पाया है उस Rank के आधार पर आपको कौन सा College मिलेगा।

College Selection Tips

Donation/Capitation: Most of the students think that colleges that take heavy donations are very good. But this is a very big misconception. Any good college would take meritorious students and will not compromise with merit for donations. At times brokers or admission agents take money from the parents of a student for their personal profit. Some people think that paying donations or capitation secures the future of the student in result in a good company depend on the performance of the student in examinations and interviews. Therefore donations must not be a parameter for quality of an institute

Deemed University or Affiliated College: Deemed University & affiliated colleges both are equally good Few courses are available to students having a combination of Physics Chemistry & Biology only in Deemed Bio-Informatics, Agri-Informatics, Genetics, Food Technology & other trades related with biology.

Myths & Facts About Institutions

Myth: Government institutions are better than self financed (private institutions).

Fact: not essentially, there are many self-financed Institutions which provide better education as compared to many Government institutions.

Myth: the value of a Degree from a Government institution is more than that from a self-financed institution.

Fact: Degrees are issued by Universities and there can be both Government and self-financed colleges affiliated to the same University and the students of both the colleges get the same degree hence there is no difference between the values of the two degrees.

Myth: An older institution is better than a newer one. **Fact:** Age of an institution is not the factor that determines the quality of the institution. Newer institutions can also be better.

Myth: Location of the institution is very important.

Fact: Location is less importance except for the convenience of connectivity

Myth: Institutions with bigger infrastructure are better.

Fact: Infrastructure and building of the institution are of secondary importance Faculty strength, discipline control by management are more important.

Myth: Good Institutions demand of donation.

Fact: No good institution compromises with quality of students Donation is illegal and students must take admission on basis merit rather than donation.

Myth: An engineering institution must be AICTE approved.

Fact: AICTE approval is mandatory only for colleges affiliated to some University. A UNIVERSITY running engineering degree courses in its campus needs a UGC recognition and not an approval from AICTE hence an engineering degree from UGC recognized University is valid for Government jobs.

Counseling information

Institution or College Level Counseling:

Many Reputed Colleges and Universities select students on basis of rank in JEE Main. For this, aspirants are invited to apply (online or on paper). From the applications received, most eligible students are called for counseling and offered a seat.

Institution or College Level Counseling is also conducted by some institutions participating in Central and State level counseling for filling up few vacant or drop-out seats after Central & state counseling are over.

Institution Level Counseling

Specific Seats
in both GFTIs & SFITs

Vacant Seats
in both GFTIS & SFITS

Counseling Guidelines

While applying for Central Level Counselling, please observe opening and closing ranks for the previous years. Opening & closing ranks for the previous year are available on the official website of JEE Main (**all ranks mentioned are All India Common Merit List ranks and not category or state category rank**). Rank based college prediction software has been developed by Career Counseling Board and will be available on its official website www.csabnic.com

Keep those institutions and branches in top preference which were allotted to students having rank parallel to rank in JEE Main.

If your rank did not yield anything in previous year, better apply for state and Institution level counselling rather than waiting for the last round of Central Level Counselling.

Concentrate on a branch of your interest as if you a branch in which you have less interest, you may end up in failure.

Even if you don't get a branch of your interest in a top institution take it if there is a provision of internal sliding and work hard for it.

Counseling information

Central Level Counselling:

AS the name suggests, this counselling is conducted by JOSAA (Joint Seat Allocation Authority) for admission to NITS, IIITs and few other pioneer Government Funded Technical Institutions (GFTIs) of India and by CSAB (Central Seat Allocation Board) for seats in Self-Financed Technical Institutions (SFTIS).

Getting a score in JEE (Main) marks the aspirant eligible to apply for Central Level Counselling but it is not an assurance for getting a seat as the number of aspirants eligible for applying for Central Level Counselling is more than 10 times the total number of seats for which the counselling is conducted.

Now-a-days some autonomous bodies such as Educational Societies and Trusts are also engaged in conducting National Level Counsellings for a list of reputed SFTIS for the support of students. Centralised seat allotment center (www.csabnic.com) is one reputed organization of this kind.

State Level Counselling:

The States of Gujrat, Maharashtra, Nagraland, Madhya Pradesh, Haryana, Punjab, Uttrakhand and Odisha are not conducting separate State level entrance examination for students for selecting students for engineering institutions located therein.

Instead they have joined the JEE Main System thus making it facile for the aspirants, Also many other States have a fixed percentage of seats to be filled on basis of JEE Main score or rank.

The process of counselling for seats in institutions located in various States in conducted by authorized bodies of those states and it opens doors of opportunity for many aspirants who miss the chance in Central Level Counselling (Some States invite students having any rank or score in JEE Main).

College Selection Tips

"Where to study engineering"

It is one of the most difficult questions that a student has but unfortunately there is no one to guide him, Here we have tried to bring forward some factors which a student must consider before taking admission in a engineering institute.

Recognition: The most important factor to be considered while selecting an engineering college is the value of the Degree awarded at completion of the course, it is noteworthy that a college which comes under a university is called constituent college of the university and the university can affiliate (permit seats for admission & conduct exams for the admitted students) the college if & only if AICTE approves of its capacity for conducting engineering classes. Whereas if a University or Deemed University conducts engineering classes in its own campus, it is not mandatory for it to have an AICTE approval as Universities & Deemed Universities directly come under the apex approving body "The UGC therefore one should always insist on the AICTE approval or Recognition from UGC

Placements: A recent survey reveals that 80% of students passing engineering from India are not fit for Jobs. This is because most of them do not have in-depth knowledge of their subject or practical exposure. Both institutions and students are equally responsible for this pitiable condition as many institutions do not have up-to- mark teaching faculty and many students who are studying do not have a knack for deep understanding of technology For getting a placement on campus or off campus, a students must qualify the written and oral rounds of interviews of the recruiting companies, Getting admission in an institute with excellence placemen record. does not mean having an on campus placement assured, a student must work hard to get it.

Friends recommend it: Selecting and institute because friends study there may not ne advisable because any student would say that the institute in which he is studying is the best or is good and friends who suggest institutes are themselves as unaware about the institutes as the aspirant himself

Age of the institute: As far as the age of the institute is concerned, it matters but not too much. A very old institute many be as good as a new one therefore one should see how competent the management of the institute is & not that how old the institute is.

Building & infrastructure: infrastructure in the specific sense of laboratory & facilities is very important but luxury outlook of the institute should not be considered so important.

Location of the institute: Students should rather assess their caliber according to their previous performance & knowledge level and then look for an institute in a location where job in their desirable specialization are easily available.
